SOLID AND SILENT.

A Pledge Taken By the Striking Hungarians

IN THE DISTURBED COKE REGION.

One of the Strikers Badly Beaten For Saying That the Strike Was Lost—Foreigners Arriving By the Carload to Take the Strikers' Places—The Labor Situation at Various Other Places.

SCOTSDALE, Pa., May 3.—During the Painter mass-meeting of strikers Saturday afternoon a Hungarian, who declared that the strike was lost, was seized by the strikers and badly beaten with old shoes and clubs. The crowd compelled the Hungarian to give a solemn pledge that he would remain "solid and silent." The action of the strikers at the mass-meeting would indicate that they are again becoming excited. The crowd had gone to Painter fully determined upon stopping operations at that plant, and were making angry threats against the workmen, and were only swerved from their purpose by addresses by Secretary Barrett and other leaders who counselled the strikers to observe the law and endeavor by persuasion to induce the men to return to the strikers' ranks.

Of the 13,000 members of the labor organization, not over 600 are at work. The balance of the 3,000 persons, claimed to be at work, are made up almost wholly of imported and unexpected workmen.

A carload of foreigners arrived at Leisnering Saturday.

Secretary Parker distributed \$1,200 to the hungry families of the strikers in the region Saturday.

The miners in the Clearfield region are contributing liberally to the support of the coke strikers.

Saturday night Police Officer Gray arrested a Slav striker. The officer was at once surrounded by a mob intent upon rescuing their companion. One of the mob drew a revolver, and a riot was narrowly averted. Gray held on to his man and kept the mob back until assistance arrived.

The Poles celebrated the one hundredth anniversary of the adoption of their constitution by a parade and meeting here yesterday. Over 3,000 persons took in the demonstration.

Between 6,000 and 7,000 new men are to be brought to the region to replace the strikers, if necessary. This statement comes from a trustworthy source. Carloads have arrived during the past week, and the influx continues. It is said that one hundred Italians were imported into Jintown on Saturday on account of the unexpected strike of the employees there. Labor leaders are striving diligently to get them to leave the region, and have succeeded to some degree.

The evictions of striking tenements will be renewed throughout the region, and it is estimated that before the week is over 600 families will be homeless.

Monster mass meetings were held yesterday at Jintown and Hutchinson, with the view of persuading new workmen to unite with them.

Evictions to Continue.

MOUNT PLEASANT, Pa., May 4.—Twelve families were evicted at Morewood Saturday. Four hundred eviction notices expired in this district this week. It is now the general opinion that the strike is about ended in the vicinity of Uniontown. It is said that a secret ballot was taken Saturday by the strikers at Red Stone works. All but four ballots declared in favor of returning to work at the company's terms.

The citizens of Fayette county are very indignant at the importation of so large a number of Italians. They are considered very undesirable neighbors. They spend no money in the stores and are very inefficient in coke making.

Labor Situation in Pittsburgh.

PITTSBURGH, May 4.—Of the 3,000 carpenters in this district who struck for eight hours and an increase in wages, 1,356 are working to-day on their terms. All the miners of the Pittsburgh district have returned to work, their scale having been adjusted.

The carpenters in this city are rather on the fence in regard to their scale for eight hours. Saturday afternoon official notice was received from the parent organization that the Pittsburgh strike was not authorized, and was therefore repudiated. This means they will receive no aid from the organization, and must fight it out alone, if fight at all.

Affairs in New York.

NEW YORK, May 4.—Sunday in this city was not a day of rest for the strikers. The men met in saloons and on the corners and discussed the situation. They say they will not give in to the bosses. The Central Labor union held a meeting in Clarendon hall in the afternoon and delegates from a great many trades unions were present. Resolutions were passed upholding the strikers.

The boss framers also held a meeting and decided to advertise for 700 men. They laughed at the report that twenty-seven of their number had signed an agreement with the strikers. A general meeting of bosses will be held to-night.

CHICAGO, May 4.—The 1,700 union cigarmakers of Chicago, members of Nos. 14, 15 and 27, were instructed at a closed meeting held Friday night and will go on strike this morning at 8 o'clock. For a few hours, at least, there will be 1,700 cigarmakers on a strike in Chicago. Instruction has been given each member to appear at his place of employment as usual this morning, but to quit work at 8 o'clock and report at strike headquarters the condition of affairs in his shop. If in any case the employer sees fit to grant the scale of pay asked for his men will be allowed to return to work.

TRIP TO THE CAPITAL.

The Presidential Party Pay a Flying Visit to Sacramento.

SAN FRANCISCO, May 4.—The presidential party paid a flying visit to the state capital Saturday. They were met at Davisville by a reception committee from Sacramento and escorted to that city. As the train drew into the beautifully decorated depot in Sacramento a salute of twenty-one guns was fired, and an immense crowd greeted the president with cheers. Mayor Comstock spoke a few words of welcome, and the party then entered carriages and were driven to the capital. Representatives of the Grand Army posts acted as a guard of honor, and were accompanied by a procession of militia and the Society of Pioneers.

Thousands of people had assembled in Capitol park, and all the school children were drawn up in line on either side of the broad walk leading up to the grand stand, and as the president was escorted through the line he was pelted with flowers. Mayor Comstock introduced Governor Markham, who, after a few remarks, presented the president, who paid a glowing tribute to California's pioneers.

Postmaster General Wainmaker was not present, which was a great disappointment to the employees of the post-office, as they had arranged to present him with beautiful silver and floral souvenirs. After the speech-making the president held a short reception in Governor Markham's office, after which the party were escorted back to the train and left for Oakland, the battery firing another salute as the train left.

The presidential party visited Oakland in the afternoon. They also paid a visit to the State university and returned to this city about 4 o'clock.

In the evening the president attended a banquet given in his honor by the Union League club. The club presented President Harrison with a beautifully enameled solid gold face-simile of the card of invitation to the reception.

President Harrison took a much needed rest yesterday. In the morning he attended the first congregational church. The rest of the day he remained in his rooms. In the evening he crossed over to Oakland where his train was waiting, and shortly after midnight started for Portland, Ore.

Postmaster General Wainmaker and Secretary Rusk were entertained by several Chinese merchants Saturday night. They then started on a tour of Chinatown, but after a short stay in the Chinese theater Secretary Rusk succumbed to the din and obnoxious odors and the rest of the trip was abandoned, causing disappointment among many Chinese who had prepared to receive the guests.

WIND AND ELECTRICAL STORM.

Great Damage Done in Keweenaw and Houghton Counties in Michigan.

HOUGHTON, Mich., May 4.—The northern arm of the peninsula composed of Keweenaw and Houghton counties has been swept by a terrific wind and electrical storm for the past two days and three nights such as only Lake Superior can generate. At Dollar bay a store and residence were blown down and the debris caught fire by lightning. Four persons were injured. Two houses were demolished and two large trees uprooted.

All the country above Hancock, forty miles as the crow flies, is cut off from communication and dire disaster is feared. Telegraph and telephone lines are down all through the copper country and each fresh arrival from the storm-stricken region adds to the disastrous character of the news.

SNOW STORM IN SOUTH DAKOTA.

It is Very Heavy, But No Great Amount of Damage Has Been Done.

CHAMBERLAIN, S. Dak., May 4.—Snow has been falling heavily for the past twenty-four hours and it still continues. All small grain is in the ground, and a great deal of it is up, but it is not believed that any material damage will be done. At Huron a light snow storm prevailed during the afternoon yesterday, but did no injury to growing crops. The temperature is low and the wind northerly.

Condition of Judge Alphonso Taft.

SAN DIEGO, Cal., May 4.—Judge Alphonso Taft, for a short time secretary of war, and later attorney general under the second administration of President Grant, who has been ill at his home here for several days past, is reported by his physicians to be improving. The illness of Judge Taft is due to infirmities, resulting from his active life for many years.

Death of an Old Scissors Grinder.

GOSHEN, Ind., May 4.—Henry Judd, the old scissors grinder, who has tramped through this and neighboring towns plying his trade for over thirty years, died Saturday night, aged 72. It has been found that the old man had accumulated a fortune of over \$21,000, which he had invested in land and good securities.

Race of Death on a Railroad Track.

WILKESBARRE, Pa., May 4.—Nine-year-old Reuben Hackstrin was killed by having a horse he was riding fall on him. The horse was struck by an engine after running before it on the track for half a mile.

A Welcome Rain.

READING, Pa., May 4.—A heavy fall of rain, lasting two hours, yesterday morning, extinguished the forest fires on the Blue Mountains which burned three days and devastated over 1,000 acres of timber land.

Fatal Stabbing Over Cards.

STREUBENVILLE, O., May 4.—During a fight over a game of cards Saturday George Burke stabbed Charles Mehan twice in the left side and once in the head. Mehan will die.

HEAVY FIRE LOSSES.

Great Destruction Done at Several Different Places.

HOTELS BURNED AT ALTOONA.

All the Guests Escape, But One of the Boarders Drops Dead From Heart Failure—Another Fire and Robbery at the Same Time—Other Fires.

ALTOONA, Pa., May 4.—A fire which started shortly after 1 o'clock Saturday morning burned the Altoona Hardware company's store and warehouse. The Rising Sun and Behu hotels, the former a two-story and the latter a three-and-a-half story building, together with their sheds and stables; gutted the upper story of the Nickel Plate restaurant. The flames then caught on the roof of William McMurray's large dry goods house and later on the roof of McCord's four-story brick boarding house. At this point the fire was extinguished after the stock on the fourth floor of the McMurray building had been badly damaged.

H. M. Mitchell, a boarder at McCord's house, packed his trunk before the fire had reached that point and gave instructions as to its disposal. He then started across the street. He was seen to stagger and then fell dead from heart failure brought on by the excitement. The guests in the hotels were gotten out safely, but a great many lost all their effects.

While the above mentioned fire was taking place the large sale and exchange stables of the Whitehall hotel were burned. During the fire the law office of B. Greevy was broken into and robbed of a number of valuable papers, and it is thought that the incendiary, who undoubtedly started the fires was implicated in the robbery. On account of the absence from the city of several of the heavy losers it is impossible to get the exact loss, but it is estimated at from \$30,000 to \$50,000, of which amount the Altoona Hardware company will lose between \$30,000 to \$40,000 on buildings and stock. Insurance not known.

Town Without a Fire Department.

LYLE, Minn., May 4.—Fire started Saturday morning in the Wheeler house, a vacant hotel, and in less than three hours had wiped out property valued at \$140,000. The town was entirely without fire protection, and the flames spread so rapidly that before assistance from neighboring towns could reach here, the fire had done most of its work. The Union depot, belonging to the Chicago, St. Paul and Kansas City, and the Illinois Central, together with the Chicago, Milwaukee and St. Paul depot and two grain elevators were consumed.

Among the principal losers are Lund & Lundhead, dealers in general merchandise, loss \$20,000; insurance \$12,000; John Myer, general store, loss \$18,000; insurance \$10,000; A. J. Kudson, hardware, loss \$22,000, no insurance. The Commercial hotel, and Hart & Connor's saloon, Aren's meat market, McCarthy Brothers' saloon and a number of residences were burned. There is a strong suspicion that it was the work of an incendiary.

Opera House Burned.

TYROCK, Pa., May 4.—Conrad's opera house was destroyed by fire early Sunday morning. Teinpleton and Crawford's millinery store, and the establishment of Charles Conrad were also burned out. Loss \$20,000. Partially insured. The cause of the fire is unknown.

Fire From Lightning.

HIGGINSVILLE, Mo., May 4.—At 7:30 Sunday morning lightning struck the flouring mills at Aulville, on the Missouri Pacific road. The building took fire and was completely destroyed with all the stock. There was no insurance, and the loss is estimated at \$50,000.

Coffin Factory Destroyed.

NEW ORLEANS, May 4.—The Orleans Coffin Manufacturing establishment was destroyed by fire yesterday morning. Loss \$20,000; fully insured.

A BIG SHORTAGE.

Clerk of the Toledo Police Court Arrested for Embezzling \$10,000.

TOLEDO, O., May 4.—At 9:30 Saturday night William H. Cook, clerk of the police court, was arrested in his office on a warrant sworn out by Mayor Emnick, charging him with embezzling \$10,000. While Detective Speere, a personal friend, was reading the warrant in a husky voice, the wife of Clerk Cook came into the room and bravely tried to help her husband stand the blow.

Clerk Cook has been one of the most popular Republicans in Toledo, was first lieutenant of the famous Toledo cadets, and secretary of the Republican committee. The books are now being examined, and it is not known how far into the thousands the shortage will run. Cook has been claiming to his friends that all would come out right, but Saturday he broke down and confessed to the mayor that he was short in his accounts, and could not say how much it might be, \$20,000 or \$25,000. The city solicitor, mayor, chief of police, police judge and all officials who have to deal with the matter are warm personal friends of Mr. Cook.

Children Terribly Mangled.

MARTIN'S FERRY, O., May 4.—Saturday afternoon an unknown miscreant gave the three little boys, James and Milton Turney and Charles Wilson, all under 9 years of age, a loaded dynamite cartridge. The boys played with the cartridge, and it finally exploded. All three of the boys were blown over sixty feet and frightfully mangled. The Wilson boy had his breast and abdomen torn open and a leg badly lacerated. He will die. One of the Turneys will lose his sight. The other is burned to a crisp on his arms and body, and cannot recover.

CHILIAN AFFAIRS.

Latest Information as Sent to The New York Herald.

NEW YORK, May 4.—The Herald publishes under date of April 1 a letter from Santiago, Chili, which states that documents taken from several prisoners captured at Valparaiso, show that a bold plan had been prepared to capture that city and incidentally President Bahna-ceda and the cabinet.

A rebel cruiser, accompanied by several transports loaded with troops, was to have sailed into the port of Valparaiso, where an officer was to go ashore with a flag of truce. He was directed to say that he and his followers had come to surrender to the government. The government, it was supposed would naturally have the troops landed, and thus about three thousand rebels would be distributed about the city.

Bahna-ceda was expected in Valparaiso about Feb. 28 and on his arrival rebels were to revolt and surprise the city. Bahna-ceda and his ministers were to be captured, as many of the government troops at Valparaiso were known to be ripe for revolt the rebels counted on assistance. This neatly-laid plan was frustrated by the capture of documents. As Valparaiso is known to be the objective point of the revolutionists, the story is generally credited.

News has been received that the city of Coquimbo has surrendered to the insurgents. The city was stormed by the land forces and at the same time the fleet in the harbor kept up a constant fire. The consequence was that it was forced to surrender to the rebels. The number of killed is unknown, but it is supposed to have been great. The letter closes with the statement that the correspondent has just been informed that the rebel troops are within a few miles of Valparaiso. Reinforcements have been sent by the government to that city as a battle will be fought there as soon as the rebels are ready to attack.

HE WANTS ONE-FOURTH

Instead of One-Four-Hundredth of Haskell's Two Millions.

CHICAGO, May 4.—A bill has been filed in the circuit court by Frederick Haskell, involving an estate worth \$2,000,000, on the ground of fraud. Frederick Haskell died in May, 1890, and Frederick T. Haskell and Henry T. Haskell were named as executors of the will.

It is alleged by complainant that Frederick Haskell, at the time of executing the instrument, was not of sound mind and memory, but on the contrary was in his dotage, and his mind so impaired as to render him wholly incapable of making any just distribution of his estate. Henry T. Haskell and Frederick T. Haskell, the half-brother, are accused of using many undue arts and fraudulent practices, and resorting to falsehood and misrepresentation to induce testator to execute the will in their favor, and thus receive the largest share.

For some months, it is claimed, the executors falsely deceived Frederick Haskell by pretending great friendship for him, and by flattering him in his old age. These statements are said to have been maliciously made in order to influence testator to give to the executors nearly one-half of his property.

Complainant claims to be entitled to one-half as much as Fred T. Haskell, and one-fourth as much as Henry T. Haskell, and claims further that it was wholly through their fraudulent devices that he was cut off with so small a bequest, he receiving only \$5,000. For these reasons the court is asked to set aside the will and make a distribution equally among the heirs at law.

FORCED TO GIVE UP.

The Cleveland Saving and Loan Association a Tiding of the Past.

CLEVELAND, O., May 4.—The Cleveland Savings and Loan association, doing business on the beneficial order plan, has collapsed. The association was one of those peculiar organizations agreeing to pay big returns for small investments. Its prospectus stated that bonds would be redeemed at amounts ranging from \$200 to \$680 within a limit of five years. The amount paid in was much less. J. C. Mouldine, of Baltimore, enlisted local capital in the organization, and J. B. Heller, J. H. Samp-liner, W. E. Craig, A. V. Kurtz and R. F. Jones were elected directors, and W. B. Baine, a prominent politician, president. The society was prosperous and soon had 500 members reduced by lapses to 387. Up to date it had paid off twenty-two bonds.

For the last two months it had been in a shaky condition and finally gave up altogether. An agreement has been reached to pay up eighty-five cents on the dollar of the funds left, and it is not likely that individual bondholders will lose more than \$30 on an average. The officers of the concern declare that the rage for making such investments with concerns agreeing to pay in quicker time is what killed them.

Chinaman Saved from a Mob.

DENVER, May 4.—At 10 o'clock last night the police were summoned hastily to West Denver, where a mob was in the act of lynching a Chinaman named Wing Lee. The neighborhood has been unhealthy of late, and an examination was last night made of the cellars occupied by several Celestials. The filth and stench was frightful, and this so enraged the people that they procured a rope and but for the timely arrival of the patrol wagon would have hanged the Chinaman. The crowds refused to disperse and a guard has been placed at the wash house.

DAYTON, O., May 4.—Saturday night Michael Connors, aged 23, of Lima, was fatally injured by being run over by the cars. He was head brakeman on a Dayton and Michigan through freight, No. 44, and fell between the cars, and had both legs cut off. He was otherwise horribly mangled.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

MONDAY, MAY 4, 1891.

The Robertson County Advance thinks a very large majority of the people will favor the new Constitution as soon as they read it.

The Cincinnati Enquirer has clearly demonstrated that as far as the gubernatorial race in the Buckeye State this year is concerned, the Hon. James E. Campbell is not in it. It would be a piece of folly to nominate a man against whom there is so much outspoken opposition.

Men Who Hurt a Town.

All who oppose improvements.
Who never push their business.
All who distrust public spirited men.
Those who run down the town to strangers.

Those who show no hospitality to its visitors.

Men who envy their neighbor's prosperity.

Men who oppose every thing that does not originate with them.

Men who wear long faces when strangers speak of locating in the town.

Who refuse to subscribe towards building of schools and churches.

Who think all systems of theology except their own, are erroneous.

Who find fault with all enterprises in which they are not connected.

Who oppose every public enterprise that is not likely to be of pecuniary benefit to themselves.

Men who never subscribe, advertise in, or in any way patronize their county paper, and are always ready to find fault with everything it contains.—Kentucky Trades Journal.

In his weekly weather predictions Professor Foster says: "The next storm wave will be due to leave the Pacific coast about the 9th. This storm will cause an increase of foggy and cloudy weather with cooler weather than usual about two days after the storm has passed by. The force of this storm is not expected to be as great as that of the storm preceding it, but the rainfall, taking the country over, will probably be greater. Nothing unusual or startling is expected of this disturbance, as its date is at the beginning of the greatest storm year of this century, which will be more fully discussed in my next letter. About April 24th the storm forces were at their lowest ebb near the turning point toward greater disturbances and from this onward for more than a year the weather will be intensely interesting."

BABY IS SICK.—The wonderful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Waters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby. For sale by Power & Reynolds.

THAT MASS MEETING.

Mason County Democrats Have a Lively Time Saturday Afternoon.

Two Sets of Delegates Selected to the State Convention—News From Other Points.

The Democratic mass meeting Saturday afternoon was a lively one.

The wrangle between the opposing factions resulted in two meetings, and as usual Mason County will show up at the State convention with two sets of delegates.

The Clay followers organized the meeting by electing Senator Poyntz Chairman and Mr. C. L. Sallee Secretary. After the appointment of the committee to select delegates a resolution offered by Mr. Kehoe caused a war of words, and the meeting finally resolved itself into a disgraceful wrangle during which it was impossible to hear what was done. After the Clay meeting adjourned and left the room, the other side held a quiet, orderly meeting. The official proceedings of both meetings are published below.

The Democrats of Mason County assembled in mass convention at the court house in Maysville at 2 p. m. Saturday May 2, 1891, to select delegates to the State Convention that convenes in Louisville May 13, 1891.

The meeting was called to order by James N. Kehoe, Chairman of the Democratic Executive Committee for Mason County, who, in the absence of Geo. W. Rogers, Secretary of the Executive Committee for the county, appointed Clarence L. Sallee temporary Secretary. On motion of Martin O'Hare and second by Col. W. W. Baldwin, Hon. Chas. B. Poyntz was placed in nomination for permanent Chairman.

On motion of T. M. Pearce and several seconds John B. Holton was placed in nomination for Chairman.

On motion of S. D. Clarke, Col. W. W. Baldwin was placed in nomination for Chairman, but Col. Baldwin declined the honor with thanks.

On motion of L. W. Robertson, seconded by M. F. Marsh, a count for Chairman was asked. This was amended by Col. Baldwin, who moved for a division of the house to each side, which was carried and upon division had, Geo. W. Sallee moved that Mr. Poyntz be declared Chairman by acclamation, which was done.

Judge Whitaker and A. J. Brittain escorted Mr. Poyntz to the chair.

On motion of Robert L. Baldwin the temporary Secretary, with the assistance of all the Democratic editors present, was made permanent Secretary.

On motion duly made the chair appointed Thomas M. Wood, C. B. Pearce, Jr., and James Ernsaw a committee to select delegates. While this committee was out selecting the list, Mr. Kehoe offered the following resolution:

Resolved, That the delegates selected by this convention are instructed to cast the entire vote of Mason County for the following named persons as long as they remain candidates before the Louisville convention, to-wit: For Governor, C. M. Clay, Jr.; for Attorney General, Wm. J. Hendrick; for Auditor of Public Accounts, L. C. Norman; for Clerk of the Court of Appeals, G. A. Addams; for Register of the Land Office, T. B. Bullock. And said delegates are further instructed to aid in securing the nomination of said persons, and to vote as a unit on all questions appertaining to their interests.

Be it further resolved, That the delegates selected by this convention shall not give to any one their or his proxy, and that the delegates present in person shall cast the vote of this county upon all questions coming before said Louisville convention.

Hon. R. B. Lovel moved to strike out Clay's name in the resolutions and insert Brown's. R. L. Baldwin moved to table Mr. Lovel's motion, which was promptly seconded by Colonel W. LaRue Thomas. Mr. Baldwin withdrew his motion to table and Mr. Lovel's motion was voted down. The resolutions as offered by Mr. Kehoe then carried. Mr. Wood then reported the following delegates: C. B. Poyntz, W. W. Baldwin, Martin A. O'Hare, L. W. Robertson, E. L. Worthington, J. H. Sallee, T. M. Wood, A. F. Respass, C. B. Pearce, Jr., J. N. Kehoe, W. S. Watson, Isaac Woodward, C. D. Newell, W. W. Worthington, Joseph Lane, Thos. Downing, A. P. Gooding, John Collopy, Wm. E. Mitchell, W. H. Coryell, Jas. E. Cahill, Jas. Earnshaw, Harry Burgoyne, John Ryan, John W. Alexander, R. L. Baldwin, James W. Fitzgerald, Frank Kerr, Duke Watson, W. H. Hawes, J. D. Kehoe, John Mason, Charles Dobyns, E. Whitaker, G. S. Wall, W. H. Robb, T. M. Pearce, A. E. Cole.

The report of Committee on Delegates was adopted, and meeting adjourned. CHAS. B. POYNTZ, Chairman. C. L. SALLEE, Secretary.

Immediately after the speedy adjournment of the tumultuous assemblage, called the mass convention of the Democrats of Mason County, another meeting of citizens and representative Democrats was at once held.

B. A. Wallingford was called to the

chair. He stated that the first thing before the convention was the election of a permanent Chairman, and that nominations were now in order. John B. Holton was nominated and elected without opposition and by acclamation.

He announced that nominations for Secretary were in order. George R. Gill and Judge Thomas R. Phister were nominated. Both nominations were seconded. Judge Phister arose and said that he felt compelled to decline the nomination, that while he himself felt that he had been treated with personal discourtesy by the Chairman of the other convention and that there was a manifest disposition to treat the opposition unfairly, yet it was plainly evident that the Clay men were in a majority in the first meeting and that while he deprecated the conduct of the first meeting, he was opposed to the holding of any second meeting or any action thereby, and hence could not be a candidate for any of its places. Geo. R. Gill was then unanimously elected Secretary of the meeting.

It was moved that a committee of three be appointed by the chair to select delegates to represent the Democracy of Mason County in the Louisville convention. Thomas M. Green seconded the motion in a few remarks, stating that he was in this convention in the interest of no one man for any office, but believed in having a fair expression of the will of the people of Mason County, by delegates and in a convention, unbiassed and uncorrupted, and was forever opposed to any attempt in any way to debauch and debauch the voters of the county, and in such a meeting destroy by such means the free expression of the preference of the people of the county, in and under all circumstances whatever.

The Chair appointed R. B. Lovel, Jas. H. Hall and Thomas M. Green to select delegates to represent this convention and the Democracy of Mason County in the convention at Louisville.

R. M. Marshall moved that the committee appointed to select delegates be instructed by the convention to choose, as delegates, representative Democrats from the various precincts in the county, without regard to their preferences for candidates, and that as far as possible the men selected should be those best acquainted with the sentiment in their own localities, and who would as a whole best voice the sentiment of the Democracy of Mason County as to the candidates to come before the State convention for the different offices, and that in this selection each respective candidate be allowed on the delegation a fair show as to the preference expressed for him in the locality from which the delegate came. Motion unanimously carried.

On motion, R. M. Marshall was added to the committee to select delegates.

The committee retired, and after consultation, returned and reported the following as delegates selected by this convention to represent the Democrats of Mason County in the State convention at Louisville: R. L. Dawson, R. M. Marshall, Sam'l Gaines, E. W. Fitzgerald, Dr. J. M. Frazee, W. L. Thomas, John Holton, B. A. Wallingford, James H. Sallee, Dr. Thos. E. Pickett, James Cahill, Thomas M. Green, Alex. Marshall, John C. Everett, Thos. J. Chenoweth, Dr. C. C. Owens, Will Price, T. M. Pearce, J. P. Marshall and J. J. Perrine.

On motion, the report of the committee was received and adopted, and the aforementioned persons selected to represent the Democracy of Mason County in the convention at Louisville.

Divers and sundry resolutions instructing the delegates to cast the vote of this convention for divers men for different offices, but after a free discussion they were all withdrawn without vote, and it was unanimously resolved that the delegates from this convention go wholly uninstructed as to any individual candidate for any particular office, but that accepting the trust from this convention their selection as delegates, they shall at all times and in all honorable ways endeavor to secure a free expression of the will of the Democracy of Mason County in any and all issues that may come up before the State convention.

George R. Gill then offered the following resolution:

Resolved, That the body of Democrats of Mason County, Ky., now in mass meeting assembled, desire in the name of true Democracy, of the rights of the people, of law and order abiding citizens, of pure morals and of common decency to enter their solemn protest against the action of the meeting just adjourned, calling itself a county convention of the Democracy of Mason Co., Ky. We claim that in the conduct of said meeting the rights of all others except the friends of Clay were wholly ignored, and that others were not allowed to make motions and have them properly put by the chair, or their votes in any instance fairly counted, or the opposition to Clay in any way allowed a proper voice in said convention, and that said convention did not represent the will of the Democracy of Mason County, Kentucky.

The resolution was seconded and unanimously adopted.

On motion of R. B. Lovel it was ordered that the proceedings of this meeting be published in the Maysville BULLETIN and in the Commonwealth.

On motion the meeting adjourned.

the face of the returns Brown leads handsomely, having so far as heard from 185 instructed votes, with several delegations not counted that will be given him. Hardin comes next with 116 and a very large secondary instruction. Clay is third choice, with 88, and Clardy last, with 74. Altogether it is the most open race that has been made before a convention of either great party in recent years, and no reasonable prediction can be made as to the result.

AN INVESTMENT WORTH KNOWING ABOUT.

Before assuring your life, or investing your money, examine the twenty-year Tontine Policies of

The Equitable Life Assurance Society of the U. S.

Policies maturing in 1891 realize cash returns to the owners, of amounts varying from 120 to 176 per cent. of the money paid in, besides the advantage of the assurance during the whole period of twenty years.

The following is one of the many actual cases maturing this year:

Endowment Policy No. 64,925.
Issued in 1871, at age 27. Amount \$5,000.
Premium, \$239.30. Total premiums paid, \$4,798.

RESULTS

At end of Tontine Period in 1891:

Cash Surrender Value, \$8,449.45

(which is equivalent to a return of all premiums paid, with interest at 7½ per cent. per annum.)

Or, in lieu of cash,
A Paid-up Life Policy for \$19,470

(Equal to \$105.80 for each \$100 paid in premiums.)

Or,
A Life Annuity of \$633.55.

One fact is worth a thousand theories.

There is no assurance extant in any company which compares with this. The Equitable is the strongest company in the world, and transacts the largest business.

Smoot, nine acres, three rods and thirty-six poles; Charles S. Smoot, twenty-one acres; Samuel N. Smoot, fifteen acres, one rod and thirty-seven poles; H. Wall Smoot, twelve and one-half acres.

Judgment for the Full Amount.

A verdict was rendered about noon Saturday in the Circuit Court in the case of Mrs. Julia J. Reigart against the American Accident Insurance Company of Louisville. The plaintiff was given judgment for \$5,000, the full amount sued for. The jury was out only a few minutes.

Mrs. Reigart's husband choked to death on a piece of beefsteak a little over a year ago, and the suit was for the amount of an accident policy he held at the time. The company admitted his choking was an accident, but claimed that it was not such an accident as was covered by the policy—that it did not result from "external and violent causes."

Home Treatment.

There are many patients suffering with catarrh, chronic cough, bronchitis, hay fever or incipient consumption who can not conveniently leave home for treatment. Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Mrs. C. S. MINER became much worse yesterday at noon, and was in a very critical condition last evening. She rallied during the night however, and her many friends were glad to learn this morning that she was considerably improved.

CAPTAIN M. C. HUTCHINS, as agent for Selby Lilliston, of Paris, sold this morning to Messrs. I. M. Lane and C. B. Pearce, Jr., a lot fronting one hundred and thirty feet on the south side of Fifth street, east of Limestone. Messrs. Lane and Pearce will improve the property.

Dr. J. A. LUCY, a prominent homoeopathic physician of Lexington, is a direct descendant of Sir William Lucy, of England, says the Transcript. Sir Charles Lucy, who has just died and left a large estate just out of Stratford, in England, was his father's own brother and Dr. Lucy is the next heir, so far as can be ascertained at present. The magnificent old castle, with its handsome park and grounds, has been in the family for over four hundred years. The name of the Lucy homestead is Charlecotte, and Sir William Lucy, the grandfather of Dr. Lucy, was a direct descendant of King Charles II, of England. Dr. Lucy will go over in June to claim his interest in the estate, and for the recuperation of his health.

MARVELOUS BUSINESS.

The Robinson Show Closes a Big Engagement.

Says the Cincinnati Enquirer: "The Robinson show closed a remarkable engagement in this city Saturday night. The great tents were packed at twelve performances, and the vast audiences were most enthusiastic in their praises of the entertainment. Heretofore, two days has been considered the limit of circuses in Cincinnati, but in spite of the experiences of other shows Robinson played here a whole week, and thus established the fact that a first class attraction can always draw, and at the same time settled all dispute as to the superior strength of his wonderful performances. The public was never treated with such courtesy at a circus as they were last week. They were not disturbed by noisy lemonade and peanut vendors. The performances were neat, artistic, elegant, and it was the most perfect and pleasing show ever presented to the Cincinnati public.

"Mr. Robinson has reason to feel proud of his reception in Cincinnati, and his fellow citizens are now more firmly convinced than ever that he has the largest and best show in the world. The spectacle of 'Solomon' is magnificent and dazzling in all its details. He will depart on his summer season with the good wishes of every one who had the pleasure of witnessing the marvelous exhibition which was offered last week. It is a splendid show in all that the word implies, and the unprecedented success attained here will be duplicated everywhere."

The show is at Covington to-day, stops at Newport to-morrow and will be here Wednesday.

HONDURAS' TRADE.

It Can Be Directed to American Merchants.

A FEW POINTERS FURNISHED.

The Bureau of American Republics at Washington Receives Some Valuable Suggestions Which are Furnished to the Public—Increase of Salaries of United States Officials—Business Done in the Census Office—Other Washington News.

WASHINGTON, May 4.—The bureau of the American republics furnishes the following extract from a private letter from an old merchant in Honduras, that contains important suggestions to exporters in this country: "There exists," he writes, "another reason that could be well added to those you give for the failure of the merchants of the United States to capture the Latin-American trade, that is they don't send out reliable agents who can speak the language, and are well acquainted with the habits, tastes and wants of the people. English and German houses avail themselves of the services of such men, and the consequence is they get the business.

"As an instance of this, a few months since a commercial traveler came to this city, and here represented several manufacturing and shipping houses, three German and two English. He stayed in the city two weeks, and sold \$45,000 worth of goods; he had been about twelve months on his journey through Venezuela, Columbia, Costa, Rica, Nicaragua and Honduras, and in that time he had sold more than one million dollars worth of goods, as he proved to me by his order books. He was going from here to Salvador, Guatemala and Mexico, and said he expected by the time he reached the end of his route to have sold \$300,000 more. The great requisites for such a man, are, ability to speak and write the Spanish language, knowledge of the tastes, wants, manners and customs of the people, knowledge of the patterns, styles, classes and values of the goods suited to the various markets.

"I have never heard of an American commercial traveler visiting this part of Honduras, and many that I have met in Mexico have an imperfect knowledge of the language, manners and customs of the people and principles of business existing in these countries, and a complete ignorance of the style of goods most saleable. I think it would be a most valuable and useful addition to your bureau if you could establish a sample room, or as it might be more properly termed a commercial museum, to display samples, patterns, specimens and photographs of all manufactured articles and goods most saleable in all the different countries and districts."

Increase of Salaries.

WASHINGTON, May 4.—The clerk of the senate committee on appropriations has just made public a statement of the increases and reductions in salaries made under the appropriation bills of the last session of the last congress, and of the additional appropriations made for newly created offices. From this statement it appears that salaries were increased in 110 cases, the total increase aggregating \$110,058, while other increases aggregating \$960, were made in the salaries of offices not specified. The increases were principally in the offices of circuit judges, the judicial increase being \$93,500. At the same time salaries were cut down in four cases, the net saving being \$1,820.

The new offices created were 597 and the increase in appropriations made by these specific cases was \$908,867; in cases where the offices are not specified the total increase by the creation of new offices was \$1,495,851.50. The total reduction by the omission of certain offices was \$141,484.80, of which \$135,944.80 represented the reduction of 125 offices omitted. The largest increase was in the treasury department, where the creation of the immigration bureau made an increase of \$153,600. The creation of the additional district judgeships and of the land court raised the judicial appropriation by \$241,700.

Removal Change in the French Ministry.
WASHINGTON, May 4.—M. Roustan, the French minister, still remains without any intelligence from his government that he has been transferred. The post at Madrid is an embassy, and as the French minister of Belgium is ahead of him for promotion, M. Roustan's friends are disinclined to credit the reports of his change.

Count Montholon, who it was announced would be transferred from Athens to Washington, comes of a most illustrious family. His father, Marquis De Montholon, was a close friend of Napoleon I, and accompanied him to St. Helena in his exile, living with him at Longwood. While there he wrote, at the emperor's own dictation, Napoleon's memoirs. After the death of Napoleon, he returned to France and remained true to the dynasty. Count Montholon has served in the diplomatic service at Berne, Brussels and Buenos Ayres.

Business of the Census Office.
WASHINGTON, May 4.—The business of the census office is now in such condition that Superintendent Porter will take advantage of the opportunity to make an extended tour of the northwest. Accompanied by Mrs. Porter, he left Washington last night, going direct to Chicago, where he will remain several days as the guest of his brother, Mr. Washington Porter. Mr. Porter will stop at all the principal cities en route to the Pacific coast and will spend considerable time with relatives in San Francisco. He will also travel through Puget sound. He expects to return to Washington during the early part of June.

Law Not Violated.

WASHINGTON, May 4.—Assistant Secretary Spaulding has telegraphed the collector of customs at Wilmington, Cal., that there was no reason for his interference in the matter of the transfer of certain arms and ammunition from the American schooner Robert And Minnie to a transport for reshipment to South America.

KENTUCKY CROPS.

Monthly Report of State Commissioner of Agriculture Chas. Y. Wilson.

Reports from reliable correspondents all over the State make substantially the following report as to the crops mentioned:

Wheat—The acreage compared with last year has not been determined, but will be given June 1st. The stand was remarkably good, and all wheat fields present a better and more uniform appearance than for years past. The seeding was finished in reasonably good time. The winter has been favorable to its growth, and no hindrances have occurred to delay its growth and, up to this time, no insect pests are complained of, except in a few localities in Western Kentucky, where some complaint is made of the Hessian fly. It is very stutky, green and vigorous; not so tall as is usual. With a season like the past, but taking it all together, a better prospect has never been known in the State at this season of the year. Average condition, 110.

Rye—The condition of rye is 105 as an average; the acreage, as compared with last year, will be given June 1st.

Grass—The continuous rains of the spring, and the recent open weather, have all combined to make the grasses as good and tender as could be desired. Spring sown clover has generally made a splendid stand, and at this date was never more promising. Yearling clover was never better. Timothy meadows are 102 in condition.

Corn—Corn planting, by reason of excessive rains in March and the early part of April, is about eight to ten days late; but planting is now in full blast, and will be completed in a few days, except that which is intended for late use. There has been a great scarcity of good seed corn; but the high price will, no doubt, stimulate a large acreage.

The acreage in oats will be very small compared with a favorable season. The seed were scarce and high, and could not be generally sown until too late to warrant good results, on account of the wet condition of the ground. Consequently, we may expect a small acreage.

Tobacco—I can say nothing as to this crop, except the fact that many beds were sown late; but I hear no complaint of seed not coming up. There has been a large amount of seed sown, and the weather conditions have been favorable so far. I distributed from this office a large amount of seed, and have had no complaint of them not coming up. Of course, the future can only determine as to the outcome of this as well as other crops. I propose each month to give reliable data as to crop conditions, together with comparative acreage as the season progresses. I have about twelve hundred correspondents located in every Magisterial district in the State, and will make every effort to make my reports reliable.

Fruit—The prospect for fruit of all kinds was never more flattering.

Gardens—There has been a great scarcity of garden seed, but, notwithstanding, there seems to be a great desire with the people to increase their efforts in this direction, and, with a favorable season, we will have no cause of complaint.

The land has generally broken up rather tough—on account of the want of freezes during the winter—and the amount of plowing done to date is only 80 per cent. of last year.

Stock—Stock of all kinds are in splendid condition. While ordinary food has been scarce, the spring grasses have come to the rescue, and very little complaint is made of any disease. Very respectfully,
CHAS. Y. WILSON, Commissioner.

To the People of Mason County.

We have secured the services of Mr. Newton Hudson, of Boone County, Ky., to represent us in Mason County, and we commend him to the courteous attention and confidence of the public.

IN MEMORIAM.

Stated convocation of Carlisle Commandery No. 18, Knights Templar, Friday, April 24, 1891. Tidings of the death of Sir H. P. McIlvaine, of Maysville Commandery No. 10, having been communicated to this Commandery, a committee was appointed by the Eminent Commander to prepare and report resolutions of respect to the memory of our deceased brother.

It is with emotions of deep sorrow that this Commandery has heard of the death of Sir H. P. McIlvaine, of Maysville Commandery No. 10. Often has our deceased brother mingled with us in social pleasures and taken part in our solemn ceremonies. No truer knight ever wielded sword in defense of destitute widows, innocent maidens, helpless orphans or the Christian religion. The symbols of our order were to him the symbols of a high and holy faith—a faith ever exhibited by him in the deeds of pure beneficence and Christian charity. Not alone in the Asylum of our order and in private life did he maintain the vows of the Christian soldier. He entered the Church of the living God, and by his zeal, courage and devotion ever inspired the hearts of the weak and strengthened the hopes of the wavering. His warfare ended life's work well done, the pilgrim warrior has laid down the cross and taken up the crown.

Resolved, That this Commandery in sympathy with his beloved family and our sister Commandery will ever sincerely mourn his loss and cherish his memory.

Resolved, That these proceedings be entered on the record of this Commandery and a copy be sent to the family of our deceased brother and to the Maysville Commandery, and that the Carlisle Mercury and Maysville Bulletin be requested to publish the same.

GLENN,
